**PETITION UNDER 37 CFR §1.182**  
**TO CORRECT TRANSMITTAL LETTER**

Dear Sir:

Petition is hereby made under 37 CFR 1.182 to correct applicant's PTO-1390 Transmittal Letter submitted via EFS-Web on August 30, 2006 in connection with national stage entry filed in the United States Designated/Elected Office. The Transmittal letter contained an inadvertent typographical error. The last two numbers of the PCT serial number were apparently transposed on the PTO-1390 Transmittal Letter as filed. The correct PCT serial number, **PCT/GB2005/000758**, was included on the Application Data Sheet, the Preliminary Amendment and the Electronic Acknowledgement Receipt. The error on the Transmittal letter was inadvertent without deceptive intent.

All fees associated with this communication as set forth under 37 CFR 1.17(f) are being submitted electronically via EFT. The commissioner is hereby authorized to charge any missing fee or fee deficiency, or credit any fee overpayment to deposit account no. 501285

Respectfully submitted,

/Daniel N. Lundeen/
